

EIACP Programme Cell is conducting the youth parliament under the Lifestyle for Environment (Life) initiative to promote sustainable living by changing individual lifestyle. EIACP programme cell has given responsibility to each EIACP centre. NIOH-EIACP PC RP has been assigned to shortlist five candidates and send to the nodal centre GCPC EIACP.

In this regards NIOH-EIACP has published an open call notification for participation from 08/05/2023 to 13/05/2023 on its website and notification was also sent to different universities in Gujarat. In response of notification total 45 applications from students of different universities have been received.

The committee noted that 14 candidates appeared for interview and personal discussion was held. The committee recommends the candidates, in order of merit as per Annexure-I, based on their performance in interview for the above said programme.

The virtual debate competition was organized on 25/05/2023 The participant debated on the topics Individual Behaviour and habits have an impact on environment and climate change.

As per the expert committee view and based on evaluation the following five candidates were shortlisted to nominate for the Lifestyle for Environment (LiFE) and Youth Parliament (Stage 2)
